Literacy Together depends on volunteer tutors for the following programs:

ADULT LITERACY

Individualized tutoring for adults at low literacy levels. With improvements in the ability to read, write, and do basic math, students gain the power to reach their educational goals, find sustainable employment, and better support themselves and their families.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES

English language tutoring for adults. When immigrants learn to speak and read English, they can participate in school conferences with their children, improve employment opportunities, learn to navigate the health care system, and/or prepare for the citizenship exam.

YOUTH LITERACY

Intensive tutoring for youth in grades K to 5 who read below grade level and struggle to keep up with their peers. With support and encouragement, they gain the skills and confidence to achieve academic success and remain on the pathway to high school graduation and beyond.

DOLLY PARTON'S IMAGINATION LIBRARY®

Free high-quality books mailed every month to children under the age of five to build a home library and instill a love of reading.
